

# Cyprus... Safe & Sound!

Cyprus has a great reputation for being a safe and friendly place: You can help us keep it that way.

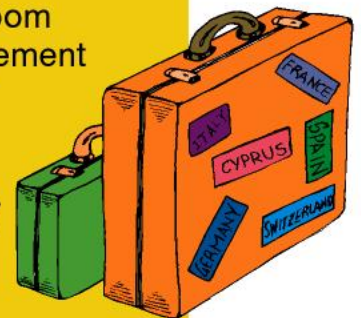

A few simple steps can be enough to protect your belongings.

## Here are our Top 10 Tips

- ▶ **Secure your valuables:** The easiest way to avoid having anything stolen is to keep it out of sight. A safe is often available in your hotel room. If not, ask the hotel reception to place your valuables in the hotel safe.
- ▶ **Ensure that all windows and doors are locked every time you leave your room.**
- ▶ **When leaving your room, please only take with you what you need.**
- ▶ **Never leave your belongings unattended.**
- ▶ **If items have been stolen or lost, or your room has been broken into, inform hotel management immediately.**
- ▶ **If you notice any abandoned items (bags, personal belongings, etc.) in the hotel lobby or other common areas, inform the hotel reception immediately.**
- ▶ **Do not leave valuables inside your car. If you have to, lock them away out of sight – preferably in the boot.**
- ▶ **Contact the hotel reception if you notice anything unusual or suspicious - You could be preventing a crime.**
- ▶ **Always take good care of yourself!**

***For any other local advice, please contact the hotel's management or the reception desk.***

***Enjoy your stay!***
